

Список репозиториев debian 12 Прописываем в /etc/apt/sources.list (плохая практика) Лучше создайте файл в /etc/apt/sources.list.d/debian.list

```
# From https://wiki.debian.org/SourcesList
#
deb http://deb.debian.org/debian bookworm main contrib non-free non-free-
firmware
deb-src http://deb.debian.org/debian bookworm main contrib non-free non-
free-firmware
#
deb http://deb.debian.org/debian-security/ bookworm-security main contrib
non-free non-free-firmware
deb-src http://deb.debian.org/debian-security/ bookworm-security main
contrib non-free non-free-firmware
#
deb http://deb.debian.org/debian bookworm-updates main contrib non-free non-
free-firmware
deb-src http://deb.debian.org/debian bookworm-updates main contrib non-free
non-free-firmware
```

Устанавливаем ключики

```
sudo apt install debian-archive-keyring
```
